Sunbelt Justice Mona Lynch, 2009-09-04 In the late 20th century, the United States experienced an incarceration explosion. Over the course of twenty years, the imprisonment rate quadrupled, and today more than 1.5 million people are held in state and federal prisons. Arizona's Department of Corrections came of age just as this shift toward prison warehousing began, and soon led the pack in using punitive incarceration in response to crime. *Sunbelt Justice* looks at the development of Arizona's punishment politics, policies, and practices, and brings to light just how and why we have become a mass incarceration nation.

Punishment in America Cyndi Banks,2005-04-19 From the Salem witch trials to death row, this work is a gripping analysis of the evolution of punishment practices, policies, and problems in America. From Puritan ducking stools to boot

camps and supermax prisons, Punishment in America investigates the evolution of punishment in the United States. Intriguing inquiries into penitentiaries, parole, capital punishment, and other sanctions reveal how the rationales behind them—retribution, rehabilitation, and deterrence—reflect changes in society, culture, and values. Reaching beyond the typical focus on prisons and incarceration to extralegal lynchings and vigilante operations and the treatment of the poor and the mentally challenged, this remarkable review also explores the impact of stricter laws on pedophiles and drug offenders and the effect of three-strikes legislation and truth in sentencing. This thought-provoking work will help readers understand the conflicting roles that punishment has played in delivering justice and promoting rehabilitation.
