may 5 2022 contact tracing is
a public health practice that
health departments use to

identify and notify people who
have been exposed to someone
with an infectious disease
public health workers reach
out to these exposed people to
tell them that they've been in
close contact with an infected
person and to give them
information and support to help
them tracer's design was
influenced by geoff goodman
the lead hero designer for
overwatch tracer was the first
hero designed for the game and
was used to test the basic
gameplay kaplan recounted the
first overwatch playtest stating
the entire level was gray and
blocky and the only hero was
tracer we had no visual effects
or attachment points tracer
