“Recounted with the storytelling élan of a master raconteur — by turns dramatic and funny, charming, tart and melancholy.” -Michiko Kakutani, *The New York Times*
The New York Times bestselling memoir from John le Carré, the legendary author of *Tinker, Tailor, Soldier, Spy*; *The Spy Who Came in from the Cold*; and *The Night Manager*, now an Emmy-nominated television series starring Tom Hiddleston and Hugh Laurie. From his years serving in British Intelligence during the Cold War, to a career as a writer that took him from war-torn Cambodia to Beirut on the cusp of the 1982 Israeli invasion to Russia before and

after the collapse of the Berlin Wall, le Carré has always written from the heart of modern times. In this, his first memoir, le Carré is as funny as he is incisive, reading into the events he witnesses the same moral ambiguity with which he imbues his novels. Whether he's writing about the parrot at a Beirut hotel that could perfectly mimic machine gun fire or the opening bars of Beethoven's Fifth; visiting Rwanda's museums of the unburied dead in the aftermath of the genocide; celebrating New Year's Eve 1982 with Yasser Arafat and his high command; interviewing a German woman terrorist in her desert prison in the Negev;

listening to the wisdoms of the great physicist, dissident, and Nobel Prize winner Andrei Sakharov; meeting with two former heads of the KGB; watching Alec Guinness prepare for his role as George Smiley in the legendary BBC TV adaptations of Tinker, Tailor, Soldier, Spy and Smiley's People; or describing the female aid worker who inspired the main character in *The Constant Gardener*, le Carré endows each happening with vividness and humor, now making us laugh out loud, now inviting us to think anew about events and people we believed we understood. Best of all, le Carré gives us a glimpse of a writer's journey over more than

six decades, and his own hunt for the human spark that has given so much life and heart to his fictional characters. The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. Taking refuge in fairy tales after the loss of his mother, twelve-year-old David finds himself violently propelled into an imaginary land in which the boundaries of fantasy and reality are disturbingly melded.

By the author of *The Black Angel*. 75,000 first printing. The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of

literature and remind us of its overwhelming contemporary relevance. Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given

\$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new

name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be

irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. Published

by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down

(politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). "An insightful and highly readable portrait of a writer and a man who has often been as elusive and enigmatic as his fictional heroes."
—Michiko Kakutani, *New York Times* The definitive biography of the internationally adored author of *The Spy Who Came in from the Cold*, *Tinker Tailor Soldier Spy*, and *A Perfect Spy*—arguably one of the most important and influential writers of the post-World War II period—by the award-winning biographer Adam Sisman. In this definitive biography—blessed by John le Carré himself—Adam Sisman

reveals the man behind the bestselling persona. In John le Carré, Sisman shines a spotlight on David Cornwell, an expert at hiding in plain sight—"born to lying," he wrote in 2002, "bred to it, trained to it by an industry that lies for a living, practiced in it as a novelist." Of course, the pseudonym "John le Carré" has helped to keep the public at a distance. Sisman probes Cornwell's unusual upbringing, abandoned by his mother at the age of only five and raised by his con man father (when not in prison), and explores his background in British intelligence, as well as his struggle to become a writer, and his personal life. Sisman

has benefited from unfettered access to le Carré's private archive, talked to the most important people in his life, and interviewed the man himself at length. Who is John le Carré? Intriguing, thorough, and packed with entertaining detail, this biography will be a treat for the legions of le Carré fans. Two young boys encounter the best and worst of humanity during the Holocaust in this powerful read that USA Today called "as memorable an introduction to the subject as *The Diary of Anne Frank*." Berlin, 1942: When Bruno returns home from school one day, he discovers that his belongings are being packed in crates. His father has

received a promotion and the family must move to a new house far, far away, where there is no one to play with and nothing to do. A tall fence stretches as far as the eye can see and cuts him off from the strange people in the distance. But Bruno longs to be an explorer and decides that there must be more to this desolate new place than meets the eye. While exploring his new environment, he meets another boy whose life and circumstances are very different from his own, and their meeting results in a friendship that has devastating consequences. Examines contradictions and discrepancies that come to

light when the New Testament is studied from a historical perspective, including varying views of Jesus and salvation and forgeries in the names of the apostles. Adapted from John Lennon's In his own write and A Sapniard in the works. Anyone who has read Patricia St. John's books already knows how her stories come alive, and this account of her own life is no exception. Her powers of description make the story leap from the page and the reader is transported to far off places and times; and the people and the things she describes can almost be touched, smelled and seen. Patricia was not just a gifted story-teller, though; she was also a deeply committed

follower of the Lord Jesus Christ, whose spiritual journey began when she was only six years old. 'My name is Patricia, ' she prayed, 'and if You are really calling me I want to come and be Yours. ' Out of that small beginning there issued a river of life and light and blessing that went on increasing right up to the end of her life. Although she always thought of herself as 'an ordinary sort of girl' , her life was extraordinary because of her supreme love for Jesus Christ. The life portrayed here is not that of the self-conscious saint, concerned only with her own saintliness. On the contrary these pages offer us an inside view of someone

utterly human, prone to mistakes and failures like the rest of us, yet suffused with the love of God and a contagious joy and peace that was like the bubbling up of a perpetual fountain. Dr. John E. The best of John Muir -- 332 quotations, the distillation of his thought, the essence of

his beliefs. Muir was the foremost conservationist of his time -- nature writer, social critic, realist, a romantic, a visionary. "A long-needed collection that features an excellent subject index. Painstaking bibliographic references make this an invaluable addition to one's Muir Library." (Yosemite Association.) If asked for a succinct statement of his beliefs, Muir might have replied: This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword. "A game-changer in the world of biography." —Mary Beard, The

Guardian Shortlisted for the Costa Biography Award Born on the brink of the modern world, John Aubrey was witness to the great intellectual and political upheavals of the seventeenth century. He knew everyone of note in England—writers, philosophers, mathematicians, doctors, astrologers, lawyers, statesmen—and wrote about them all, leaving behind a great gift to posterity: a compilation of biographical information titled *Brief Lives*, which in a strikingly modest and radical way invented the art of biography. Aubrey was born in Wiltshire, England, in 1626. The reign of Queen Elizabeth and, earlier, the dissolution of

the monasteries were not too far distant in memory during his boyhood. He lived through England's Civil War, the execution of Charles I, the brief rule of Oliver Cromwell and his son, and the restoration of Charles II. Experiencing these constitutional crises and regime changes, Aubrey was impassioned by the preservation of traces of Ancient Britain, of English monuments, manor houses, monasteries, abbeys, and churches. He was a natural philosopher, an antiquary, a book collector, and a chronicler of the world around him and of the lives of his friends, both men and women. His method of writing was characteristic of

his manner: modest, self-deprecating, witty, and concerned above all with the collection of facts that would otherwise be lost to time. John Aubrey, *My Own Life* is an extraordinary book about the first modern biographer, which reimagines what biography can be. This intimate diary of Aubrey's days is composed of his own words, collected, collated, and enlarged upon by Ruth Scurr in an act of meticulous scholarship and daring imagination. Scurr's biography honors and echoes Aubrey's own innovations in the art of biography. Rather than subject his life to a conventional narrative, Scurr has collected the evidence—the

remnants of a life from manuscripts, letters, and books—and arranged it chronologically, modernizing words and spellings, and adding explanations when necessary, with sources provided in the extensive endnotes. Here are Aubrey's intricate drawings of Stonehenge and the ancient Avebury stones; Aubrey on Charles I's execution ("On this day, the King was executed. It was bitter cold, so he wore two heavy shirts, lest he should shiver and seem afraid"); and Aubrey on antiquity ("Matters of antiquity are like the light after sunset—clear at first—but by and by crepusculum—the twilight—comes—then total

darkness"). From the darkness, Scurr has wrested a vibrant, intimate account of the life of an ingenious man. The long-awaited guide to writing long-form nonfiction by the legendary author and teacher Draft No. 4 is a master class on the writer's craft. In a series of playful, expertly wrought essays, John McPhee shares insights he has gathered over his career and has refined while teaching at Princeton University, where he has nurtured some of the most esteemed writers of recent decades. McPhee offers definitive guidance in the decisions regarding arrangement, diction, and tone that shape nonfiction pieces, and he presents extracts from his work, subjecting them to

wry scrutiny. In one essay, he considers the delicate art of getting sources to tell you what they might not otherwise reveal. In another, he discusses how to use flashback to place a bear encounter in a travel narrative while observing that “readers are not supposed to notice the structure. It is meant to be about as visible as someone’s bones.” The result is a vivid depiction of the writing process, from reporting to drafting to revising—and revising, and revising. Draft No. 4 is enriched by multiple diagrams and by personal anecdotes and charming reflections on the life of a writer. McPhee describes his enduring relationships with

The New Yorker and Farrar, Straus and Giroux, and recalls his early years at Time magazine. Throughout, Draft No. 4 is enlivened by his keen sense of writing as a way of being in the world. Compiled from the best of the hundreds of interviews Lennon gave over the years. A fascinating insight into the mind of this musical genius. She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In I'm Glad My Mom Died, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame.

As writer, actor, and activist, his words and music shaped a generation. John Lennon: In His Own Words is a fitting tribute to a man who changed the world with his music and his message. John Lennon inspired millions during his too-brief lifetime. First with the Beatles, then as a solo artist, philosopher, and peace activist, he spoke for a

generation that believed they could change the world, and did. Now his words are preserved in a handsome hardcover volume that will touch his many fans and enlighten a new generation. * "Imagine all the people living life in peace. You may say I'm a dreamer, but I'm not the only one. I hope someday you'll join us, and the world will be as one." * "My role in society, or any artist's or poet's role, is to try and express what we all feel. Not to tell people how to feel. Not as a preacher, not as a leader, but as a reflection of us all." * "You're just left with yourself all the time, whatever you do anyway. You've got to get down to your own God in

your own temple. It's all down to you, mate." A lifetime of letters, collected for the first time, from the legendary musician and songwriter. John Lennon was one of the greatest songwriters the world has ever known, creator of "Help!", "Come Together", "Lucy in the Sky with Diamonds", "Strawberry Fields Forever", "Imagine", and dozens more. But it was in his correspondences that he let his personality and poetry flow unguarded. Now, gathered for the first time in book form, are his letters to family, friends, strangers, and lovers from every point in his life. Funny, informative, wise, poetic, and sometimes heartbreaking, his

letters illuminate a never-before-seen intimate side of the private genius. This groundbreaking collection of almost 300 letters and postcards has been edited and annotated by Hunter Davies, whose authorized biography *The Beatles* (1968) was published to great acclaim. With unparalleled knowledge of Lennon and his contemporaries, Davies reads between the lines of the artist's words, contextualizing them in Lennon's life and using them to reveal the man himself. ANOTHER WINNER. "After
five decades, twenty books, and
countless columns, [John
Gierach] is still a master,"
(Forbes) and his newest book
only confirms this assessment,
along with his recent induction
into the Flyfishing Hall of
Fame. In A Fly Rod of Your

Own, Gierach brings his ever-
sharp sense of humor and keen
eye for observation to the
fishing life and, for that matter,
life in general. Known for his
witty, trenchant observations
about fly-fishing, Gierach's
"deceptively laconic prose
masks an accomplished
storyteller...his alert and
slightly off-kilter observations
place him in the general
neighborhood of Mark Twain
and James Thurber"
(Publishers Weekly). A Fly Rod
of Your Own transports readers
to streams and rivers from
Maine to Montana, and as
always, Gierach's fishing trips
become the inspiration for his
pointed observations on
everything from the psychology

of fishing ("Fishing is still an
oddly passive-aggressive
business that depends on the
prey being the aggressor");
why even the most veteran
fisherman will muff his cast
whenever he's being filmed or
photographed; the inevitable
accumulation of more gear
than one could ever need
("Nature abhors an empty
pocket. So does the tackle
industry"); or the qualities
shared by the best guides ("the
generosity of a teacher, the
craftiness of a psychiatrist, and
the enthusiasm of a
cheerleader with a kind of
Vulcan detachment"). As
Gierach likes to say, "fly-fishing
is a continuous process that
you learn to love for its own

sake. Those who fish already get it, and those who don't couldn't care less, so don't waste your breath on someone who doesn't fish." A Fly Rod of Your Own is an ode to those who fish that "brings a skeptical, wry voice to the peril and promise of twenty-first-century fishing" (Booklist). Alani Baum, a non-binary photographer and teacher, hasn't seen their mother since they ran away with their girlfriend when they were seventeen -- almost thirty years ago. But when Alani gets a call from a doctor at the assisted living facility where their mother has been for the last five years, they learn that their mother's dementia has

worsened and appears to have taken away her ability to speak. As a result, Alani suddenly find themselves running away again -- only this time, they're running back to their mother. Staying at their mother's empty home, Alani attempts to tie up the loose ends of their mother's life while grappling with the painful memories that—in the face of their mother's disease -- they're terrified to lose. Meanwhile, the memories inhabiting the house slowly grow animate, and the longer Alani is there, the longer they're forced to confront the fact that any closure they hope to get from this homecoming will have to be manufactured. This beautiful, tenderly written

debut novel by Bronwen Wallace Award for Emerging Writers winner John Elizabeth Stintzi explores what haunts us most, bearing witness to grief over not only what is lost, but also what remains. Today more than one and a half million children are being taught at home by their own parents. In this expanded edition of the book that helped launch the whole movement, Pat Farenga has distilled John Holt's timeless understanding of the ways children come to understand the world and added up-to-the-moment practical advice. Rather than proposing that parents turn their homes into miniature schools, Holt and Farenga

demonstrate how ordinary parents can help children grow as social, active learners. Chapters on living with children, "serious play," children and work, and learning difficulties will be of interest to all parents, whether home schooling or not, as well as to teachers. This new edition is supplemented with financial and legal advice as well as a

guide to cooperating with schools and facing the common objections to home schooling. Teach Your Own not only has all the vital information necessary to be the bible for parents teaching their own children, it also conveys John Holt's wise and passionate belief in every child's ability to learn from the world that has made his wonderful books into enduring classics. A work by

John Locke about education. This book contains the personal testimonies of some of God's most well-known servants from the past. People like Martin Luther, John Calvin, George Muller, Hannah Whitall Smith, and Charles Spurgeon tell in their own words how they found Christ.
