Sarvepalli Radhakrishnan stands alongside Nehru and Gandhi as one of the most eminent Indians of his time. "Tracing the development of Indian philosophy as a single tradition of thought, these two volumes provide a classical exposition of Indian thought. The author showcases ancient philosophical texts and relates them to contemporary issues of philosophy and religion. He presents the essential meaning and significance of individual texts and philosophies and also draws parallels between Indian and western philosophical traditions. The first volume covers the Vedic and Epic periods, including expositions on the hymns of the Rig-Veda, the Upanishads, Jainism, Buddhism, and the theism of the Bhagvadgita. The second investigates the six Brahmanical philosophical systems, the theism of Ramanuja, Saiva ethics, metaphysics and literature, and the theism of the later Vaishnavas." "This second edition, with a new Introduction by eminent philosopher, J.N. Mohanty, underlines the continuing relevance of the two volumes and the philosophic tradition they represent. Lucidly written, these books will form essential reading for students, teachers, scholars of Indian philosophy as well as general reader interested in the development and growth of Indian thought."--Jacket. In interpreting the philosophy and message of Rabindranath Tagore, the book interprets the Indian ideal of philosophy, religion, and art, of which his work is the outcome and expression. It is not known whether it is Rabindranath's own heart or the heart of India that is beating here. In his work, India finds the lost word she was seeking. The familiar truths of Indian philosophy and religion, the value of which it has become fashionable to belittle even in the land of their birth, are here handled with such rare reverence and deep feeling that they seem to be almost new. Dr Radhakrishnan's acquaintance with the soul of India, from which Rabindranath draws his inspiration, has helped him in this expository work. Contents: Introduction; Preface to First Edition; Chapter 1-The Philosophy of Rabindranath Tagore-I; Chapter II -The Philosophy of Rabindranath Tagore-II; Chapter III - Poetry and Philosophy; Chapter IV -The Message of Rabindranath Tagore to India; Chapter V -The Message of Rabindranath Tagore to the World. In Making Women Pay, Smitha Radhakrishnan explores India's microfinance industry, which in the past two decades has come to saturate the everyday lives of women in the name of state-led efforts to promote financial inclusion and women's empowerment. Despite this favorable language, Radhakrishnan argues, microfinance in India does not provide a market-oriented development intervention, even though it may appear to help women borrowers. Rather, this commercial industry seeks to extract the maximum value

from its customers through exploitative relationships that benefit especially class-privileged men. Through ethnography, interviews, and historical analysis, Radhakrishnan demonstrates how the unpaid and underpaid labor of marginalized women borrowers ensures both profitability and symbolic legitimacy for microfinance institutions, their employees, and their leaders. In doing so, she centralizes gender in the study of microfinance, reveals why most microfinance programs target women, and explores the exploitative implications of this targeting.
