Pope John XXIII Feb 18 2022 "Nebraska Bull" McGlone was a heavy-muscled giant of a man who, with his bloodthirsty clan, cut a swath of violence and death across the Kansas plains. In the town of Ellsworth, some people dared to resist him. The result was a savage spree of killing. Now, the blood lust was up in McGlone, and nothing could stop him. Not even, it seemed, the Rio Kid, who was now approaching Ellworth.

**John XXIII Sep 27 2022** People of God is a brand new series of inspiring biographies for the general reader. Each volume offers a compelling and honest narrative of the life of an important twentieth or twenty-first century Catholic. Some living and some now deceased, each of these women and men have known challenges and weaknesses familiar to most of us, but responded to them in ways that call us to our own forms of heroism. Each offers a credible and concrete witness of faith, hope, and love to people of our own day. The canonization of Pope John XXIII and the fiftieth anniversary of Vatican II call for a fresh look at this remarkable man. Now highly regarded Vatican II historian Massimo Faggioli offers a rich and insightful portrait. His sources include the complete edition of the private diaries of the future John XXIII, published recently in ten volumes, much of which is unavailable in English. Faggioli's use of this treasure of personal notes of the future pope means this biography offers a more complete and nuanced understanding of Angelo Roncalli than is available anywhere else in English at this time. The result is both unforgettable and inspiring.

**Pope John XXIII** May 24 2022 Angelo Roncalli was pope for only five years, yet he won the hearts and minds of people the world over, including many non-Catholics with his warm style and commitment to bring the Catholic Church in line with the modern world. "We are not on the earth to guard a museum," he had once said about the Church, "but to tend a blooming garden full of life." Pope John XXIII is the story of a real Christian who became pope. Roncalli introduced himself to the crowds in St. Peter's Square on October 28, 1958 with the words "I am called John." Already seventy-seven years old, this son of peasants was expected to stage a merely transitional papacy. Surprising many, he became the pope of transition by convening the Second Vatican Council in October of 1962. The Council lasted for five years and saw his death, but it opened wide the doors of the Church, doing away with much of the old pomp and practice, and leading it into the twenty-first century.

Pope John XXIII Dec 19 2021 Provides a history of the Catholic Church and the papacy by focusing on Pope John XXIII, who awed the world with the seminal and unprecedented change he brought about due to his concern for humankind.

Pope John XXIII Illustrated Feb 27 2020 Pope John XXIII, born Angelo Giuseppe Roncalli, headed the Catholic Church from 1958 until his death in 1963. He was the first pope to use television to spread his message and was particularly exceptional because he used a simple language with the crowd. That made him the most popular of all time. He organized the second ecumenical council after fifty years. In 1962 he had a leading role in averting a nuclear war in Cuba between the Soviet Union and the United States. In the same year he was person of the year on the cover of Time magazine; In 1963 he received the US Presidential medal of freedom; in September 2000 he was beatified and then canonized on April 27th 2014.

The End and the Beginning Apr 30 2020 “As March gave way to April in the spring of 2005 and the world kept vigil outside the apostolic palace in Rome, the pontificate of Pope John Paul II, then drawing to a poignant end, was already being described as one of the most consequential in two millennia of Christian history.” With these words, world-renowned author and NBC Vatican analyst George Weigel begins his long-awaited sequel to the international bestseller Witness to Hope: The Biography of Pope John Paul II. More than ten years in the making, *The End and the Beginning: Pope John Paul II—The Victory of Freedom, the Last Years, the Legacy* tells the dramatic story of the Pope’s battle with communism in light of new and recently disclosed information and brings to a close Weigel’s landmark portrait of a man who not only left an indelible mark on the Catholic Church, but also changed the course of world history. When he was elected pope in the fall of 1978, few people had ever heard of the charismatic Karol Wojty<sup>3</sup>a. But in a very short time he would ignite a revolution of conscience in his native Poland that would ultimately lead to the collapse of European communism and death of the Soviet Union. What even fewer people knew was that the KGB, the Polish Secret Police, and the East German Stasi had been waging a dangerous, decades-long war against Wojty<sup>3</sup>a and the Vatican itself. Weigel, with unprecedented access to many Soviet-era documents, chronicles John Paul’s struggle against the dark forces of communism. Moreover, Weigel recounts the tumultuous last years of John Paul’s life as he dealt with a crippling illness as well as the “new world disorder” and revelations about corruption within the Catholic Church. Weigel’s thought-provoking biography of John Paul II concludes with a probing and passionate assessment of a man who lived his life as a witness to hope in service to the Christian ideals he embraced.

*Pope John XXIII* Aug 15 2021 John XXIII was nicknamed "The Good Pope" because of his humble, loving, and open character and his gracious sense of humor. In possessing those attributes, he is viewed by many to be similar to Pope Francis today. Like Pope Francis, Pope John was wont to stroll about Rome by night and make pastoral visits to sick children and prison inmates. John's secretary, the Italian prelate Loris Capovilla, heard the news from Pope Francis himself and remarked how appropriate it was for the step to be taken by "the successor most similar" to John. Shortly before Pope John's death, the International Balzan Foundation, which is headquartered in Milan and Zurich, awarded Pope John its Peace Prize. Then, in December 1963, President Lyndon Johnson posthumously awarded him the United States' Presidential Medal of Freedom, the nation's highest civilian award. The canonization of Pope John XXIII was announced by Pope Francis shortly after the fiftieth anniversary of John's death. The date for canonization has been set for April 27, 2014, Divine Mercy Sunday, the first Sunday after Easter.

As we wait for better days, this story will help to keep hope alive.” —Thomas Groome, Professor of Theology and Religious Education at Boston College, author of *Will There Be Faith* Published in the 50th anniversary year of the historic Vatican Council II, *The Good Pope* by Greg Tobin is the first major biography of Pope John XXIII, a universally beloved religious leader who ushered in an era of hope and openness in the Catholic Church—and whose reforms, had they been accepted, would have enabled the church to avoid many of the major crises it faces today. Available prior to John XXIII’s likely canonization, Tobin’s *The Good Pope* is timely and important, offering a fascinating look at the legacy of Vatican Council II, an insightful investigation into the history of the Catholic Church, and a celebration of one of its true heroes.
