Ocean Bound Women is an intriguing first-hand narrative of circumnavigating the globe in the 1880s. Based on family documents stored in a seaman's chest, this book provides a scholarly account of the history of the Swedish sailing-ship Atlantic (1876-1911) and her crew. Part of the book is based upon a diary written by a Scandinavian woman, which stands as the uniting text for the years 1885-1887, connecting the reader to all events in the chronicle. Other sources consist of manuscripts, documents and accounts collected from family descendants along with oral traditions and personal memories-all hitherto unpublished. This is a touching life story of two motherless sisters who took on a ship in their teens: a book about life on the oceans and meeting with people of many different nations. Footbinding was common in China until the early twentieth century, when most Chinese were family farmers. Why did these families bind young girls' feet? And why did footbinding stop? In this groundbreaking work, Laurel Bossen and Hill Gates upend the popular view of footbinding as a status, or even sexual, symbol by showing that it was an undeniably effective way to get even very young girls to sit still and work with their hands. Interviews with 1,800 elderly women, many with bound feet, reveal the reality of girls' hand labor across the North China Plain, Northwest China, and Southwest China. As binding reshaped their feet, mothers disciplined girls to spin, weave, and do other handwork because many village families depended on selling such goods. When factories eliminated the economic value of handwork, footbinding died out. As the last generation of footbound women passes away, Bound Feet, Young Hands presents a data-driven examination of the social and economic aspects of this misunderstood custom. "Best friends and artistic partners in the male-dominated field of animation, Mel Vaught and Sharon Kisses are a dynamic duo, the friction of their

differences driving them. After a decade of striving, the two are finally celebrating the release of their first full-length feature, which transforms Mel's difficult childhood into a provocative and visually daring work of art. The toast of the indie film scene, they stand at the cusp of making it big. But with their success come doubt and destruction, cracks in their relationship threatening the delicate balance of the work they do together."--Page 4 of cover. A fine collection of classic novels, short stories, poems, and essays from distinguished women writers. Women writers have been making their voices heard for centuries, but their works were not always taken seriously. Over time, as women gained more social and political freedom, these works have reemerged as subjects that are considered to be worthy of closer study. *Classic Works from Women Writers* is a collection of more than thirty novels, short stories, poems, and essays by prominent and lesser-known female writers since the seventeenth century. Included in this volume are groundbreaking works such as Mary Shelley's *Frankenstein*; Agatha Christie's *The Mysterious Affair at Styles*, the first Hercule Poirot novel; Charlotte Perkins Gilman's short story "The Yellow Wallpaper" and her follow-up essay; and poetry from the likes of Christina Rossetti, Amy Lowell, and Sara Teasdale. The words of these authors offer a multitude of perspectives on different issues that affect not only women but the wider world as well. Presenting selected histories in Asia, Africa, Europe and the Americas, this work discusses: political and economic issues; marriage practices, motherhood and enslavement; and religious beliefs and spiritual development. Famous women, including Hatshepsut, Hortensia, Aisha, Hildegard of Bingen and Sei Shonangan, are discussed as well as lesser known and anonymous women. Both primary and secondary source readings are included. "In China, a woman is nothing." Thus begins the saga of a woman born at the turn of the century to a well-to-do, highly respected Chinese family, a woman who continually defied the expectations of her family and the traditions of her culture. Growing up in the perilous years between the fall of the last emperor and the Communist Revolution, Chang Yu-i's life is marked by a series of rebellions: her refusal as a child to let her mother bind her feet, her scandalous divorce, and her rise to Vice President of China's first women's bank in her later years. In the alternating voices of two generations, this dual memoir brings together a deeply textured portrait of a woman's life in China with the very American story of Yu-i's brilliant and assimilated grandniece, struggling with her own search for identity and belonging. Written in pitch-perfect prose and alive with detail, *Bound Feet and Western Dress* is the story of independent women struggling to emerge from centuries of customs and duty. Drawing on a wide range of major literary voices, including Richard Wright, Ralph Ellison, and Toni Morrison, as well as lesser-known writers such as William Attaway (*Blood on the Forge*) and Dorothy West (*The Living Is Easy*), Rodgers conducts a kind of literary archaeology of the Great Migration. He mines the writers' biographical connections to migration and teases apart the ways in which individual novels relate to one another, to the historical situation of black America, and to African-American literature as a whole. In reading migration novels in relation to African-American literary texts such as slave narratives, folk tales, and urban fiction, Rodgers affirms the southern folk roots of African-American culture and argues for a need to stem the erosion of southern memory. A critically acclaimed #1 New York Times best-seller with more than one million copies in print! Now a major motion picture. Gritty with pain, betrayal, and brutality, this incredible true story also shines with an

unexpected, life-changing love. Meet Denver, raised under plantation-style slavery in Louisiana until he escaped the “Man” in the 1960’s by hopping a train. Untrusting, uneducated, and violent, he spends 18 years on the streets of Dallas and Fort Worth. Meet Ron Hall, a self-made millionaire in the world of high-priced deals—an international arts dealer who moves between upscale New York galleries and celebrities. It seems unlikely that these two men would meet under normal circumstances, but when Deborah Hall, Ron’s wife, meets Denver, she sees him through God’s eyes of compassion. When Deborah is diagnosed with cancer, she charges Ron with the mission of helping Denver. From this request, an extraordinary friendship forms between Denver and Ron, changing them both forever. A tale told in two unique voices, *Same Kind of Different as Me* weaves two completely different life experiences into one common journey. There is pain and laughter, doubt and tears, and in the end a triumphal story that readers will never forget. Continue this story of friendship in *What Difference Do It Make?: Stories of Hope and Healing*, available now. *Same Kind of Different as Me* also is available in Spanish. A revised edition of the classic, myth-shattering exploration of American family life during the Cold War. When *Homeward Bound* first appeared in 1988, it forever changed how we understand Cold War America. Elaine Tyler May demonstrated that the Atomic Age and the Cold War shaped American life not just in national politics, but at every level of society, from the boardroom to the bedroom. Her notion of “domestic containment” is now the standard interpretation of the era, and *Homeward Bound* has become a classic. This new edition includes an updated introduction and a new epilogue examining the legacy of Cold War obsessions with personal and family security in the present day. Nominated for an NAACP Image Award A Publishers Weekly Top 10 History Title for the season Booklist’s Top 10 Diverse Nonfiction titles for the year BookRiot’s “50 Must-Read Poetry Collections” Most Anticipated Books of the Year--*The Rumpus*, *Nylon* A revelatory work in the tradition of Claudia Rankine’s *Citizen*, DaMaris Hill’s searing and powerful narrative-inverse bears witness to American women of color burdened by incarceration. “It is costly to stay free and appear / sane.” From Harriet Tubman to Assata Shakur, Ida B. Wells to Sandra Bland and Black Lives Matter, black women freedom fighters have braved violence, scorn, despair, and isolation in order to lodge their protests. In *A Bound Woman Is a Dangerous Thing*, DaMaris Hill honors their experiences with at times harrowing, at times hopeful responses to her heroes, illustrated with black-and-white photographs throughout. For black American women, the experience of being bound has taken many forms: from the bondage of slavery to the Reconstruction-era criminalization of women; from the brutal constraints of Jim Crow to our own era’s prison industrial complex, where between 1980 and 2014, the number of incarcerated women increased by 700%.* For those women who lived and died resisting the dehumanization of confinement--physical, social, intellectual--the threat of being bound was real, constant, and lethal. In *A Bound Woman Is a Dangerous Thing*, Hill presents bitter, unflinching history that artfully captures the personas of these captivating, bound yet unbridled African-American women. Hill’s passionate odes to Zora Neale Hurston, Lucille Clifton, Fannie Lou Hamer, Grace Jones, Eartha Kitt, and others also celebrate the modern-day inheritors of their load and light, binding history, author, and reader in an essential legacy of struggle. *The Sentencing Project One woman becomes two men’s obsession in the second *Sisters of the Heart* novel from #1 New York Times

Previous studies of the practice of footbinding in imperial China have theorized that it expressed ethnic identity or that it served an economic function. By analyzing the popularity of footbinding in different places and times, *Footbinding as Fashion* investigates the claim that early Qing (1644-1911) attempts by Manchu rulers to ban footbinding made it a symbol of anti-Manchu sentiment and Han identity and led to the spread of the practice throughout all levels of society. Detailed case studies of Taiwan, Hebei, and Liaoning provinces exploit rich bodies of previously neglected ethnographic reports, economic surveys, and rare censuses of footbinding to challenge the significance of sedentary female labor and ethnic rivalries as factors leading to the hegemony of the footbinding fashion. The study concludes that, independently of identity politics and economic factors, variations in local status hierarchies and elite culture coupled with status competition and fear of ridicule for not binding girls' feet best explain how a culturally arbitrary fashion such as footbinding could attain hegemonic status. *In Duty Bound* is an unprecedented look at Upper Canada's forgotten people and the ways in which their lives were by necessity bound in a mutual relationship of duty and obligation to the Upper Canadian state. This neglected area of Canada's history has been preserved, in part, in the form of personal petitions submitted to the lieutenant-governor and legislature for land, government jobs, pensions, pardons and the lessening of court sentences, for compensation for damages done by, or work done for, the state, and for relief. Using these and other previously unexamined government records, J.K. Johnson illustrates that, popular knowledge aside, Upper Canada was not simply a land of self-sufficient farmers and artisans and that many had to turn to and rely on the state for their livelihoods. The

major themes of Upper Canada's history, from war and rebellion to immigration and settlement, are well-documented. In *Duty Bound* fleshes out the lives of ordinary people in Upper Canada and clarifies how several branches of government worked for, or against, the interests of the population. A daring visionary... 1914. Glittering New York socialite Beatrice Chanler is a force of nature, daunted by nothing—not her humble beginnings, her crumbling marriage, or the outbreak of war. But after witnessing the devastation in France firsthand, Beatrice takes on the challenge of a lifetime: convincing America to fight for what's right. A reluctant resistor... 1940. French school-teacher and aspiring artist Marthe Simone has an orphan's self-reliance and wants nothing to do with war. But as the realities of Nazi occupation transform her life in the isolated castle where she came of age, she makes a discovery that calls into question who she is, and more importantly, who she is willing to become. Intricately woven and powerfully told, *The Women of Chateau Lafayette* is a sweeping novel about duty and hope, love and courage, and the strength we take from those who came before us. An exploration of the history and cultural practice of footbinding in China reveals the traditions that contributed to and surrounded its thousand-year enforcement, as well as its related literature, music, contests, and rewards. Many very strong and courageous women are being forced into spiritual and mental bondage to satisfy the desires of those who lack wisdom and have an agenda of their own to push. When the thought of the day is that women have no place but under the foot of men, we can now see and understand why the sanity in the world is diminishing fast. Deborah, Anna, Judith, Huldah and other biblical women would be labeled as having the Jezebel spirit by some of today's charlatan-type men. *Electric Arches* is an imaginative exploration of black girlhood and womanhood through poetry, visual art, and narrative prose. Blending stark realism with the fantastical, Ewing takes us from the streets of Chicago to an alien arrival in an unspecified future, deftly navigating boundaries of space, time, and reality with delight and flexibility. In grocery store aisles and kitchens across the country, smiling images of "Aunt Jemima" and other historical and fictional black cooks can be found on various food products and in advertising. Although these images are sanitized and romanticized in American popular culture, they represent the untold stories of enslaved men and women who had a significant impact on the nation's culinary and hospitality traditions even as they were forced to prepare food for their oppressors. Kelley Fanto Deetz draws upon archaeological evidence, cookbooks, plantation records, and folklore to present a nuanced study of the lives of enslaved plantation cooks from colonial times through emancipation and beyond. She reveals how these men and women were literally "bound to the fire" as they lived and worked in the sweltering and often fetid conditions of plantation house kitchens. These highly skilled cooks drew

upon skills and ingredients brought with them from their African homelands to create complex, labor-intensive dishes such as oyster stew, gumbo, and fried fish. However, their white owners overwhelmingly received the credit for their creations. Focusing on enslaved cooks at Virginia plantations including Thomas Jefferson's Monticello and George Washington's Mount Vernon, Deetz restores these forgotten figures to their rightful place in American and Southern history. *Bound to the Fire* not only uncovers their rich and complex stories and illuminates their role in plantation culture, but it celebrates their living legacy with the recipes that they created and passed down to future generations. This clearly written, beautifully illustrated book introduces a previously unrecognized Homeric theme, the 'belted hero,' and argues for its lasting historical, literary, and archaeological significance. The belted hero fuses king, warrior, charioteer, and athlete into a supreme image of political power. The special 'heroic warrior's belts' (zosteres) worn by Agamemnon, Menelaos, and Nestor served as unimpeachable visual emblems of their exalted positions of rank. The feminine counterpart, or zone, presents the woman as superior in the competitive arena of love. Bennett shows that the belted hero represented an ideology attractive to wealthy landowners, their oikoi, and inter-family connections. He suggests that the communal spirit of the hoplite phalanx attempted to appropriate the belted hero ideal, even while undermining its ethos of personal honor. Bennett also makes several important iconographic interpretations that provide fundamentally new insights into early Greek oral epic compositional techniques, conceptions of time, and cosmological structure. *Belted Heroes and Bound Women* will be of interest to scholars and students of early Greek art, history, or literature. Christopher Castiglia gives shape to a tradition of American women's captivity narrative that ranges across three centuries, from Puritan colonist Mary Rowlandson's abduction by Narragansett Indians to Patty Hearst's kidnapping by the Symbionese Liberation Army. Examining more than sixty accounts by women captives, as well as novels ranging from Susanna Rowson's eighteenth-century *Rueben and Rachel* to today's mass-market romances, Castiglia investigates paradoxes central to the genre. In captivity, women often find freedom from stereotypical role attributes of helplessness, dependency, sexual vulnerability, and xenophobia. In their condemnations of their non-white captors, they defy assumptions about race that undergird their own societies. Castiglia questions critical conceptions of captivity stories as primarily an appeal to racism and misogyny and instead finds in them imaginative challenges to rigid gender roles and racial ideologies. Whether the women of these stories resist or escape captivity, endure until they are released, or eventually choose to live among their captors, they emerge with the power to be critical of both cultures. These compelling narratives, with their boundary crossings and persistent explorations of cultural differences, have significant implications for current investigations into the construction of gender, race, and nation. Includes material on femininity (psychology). Hailed as "impossible to put down," the *Hex Hall* series has both critics and teens cheering. With a winning combination of romance, action, magic and humor, this third volume will leave readers enchanted. Just as Sophie Mercer has come to accept her extraordinary magical powers as a demon, the Prodigium Council strips them away. Now Sophie is defenseless, alone, and at the mercy of her sworn enemies—the Brannicks, a family of warrior women who hunt down the Prodigium. Or at least that's what Sophie thinks, until she makes a surprising discovery. The Brannicks

know an epic war is coming, and they believe Sophie is the only one powerful enough to stop the world from ending. But without her magic, Sophie isn't as confident. Sophie's bound for one hell of a ride-can she get her powers back before it's too late? The place of women's rights in African American public culture has been an enduring question, one that has long engaged activists, commentators, and scholars. **All Bound Up Together** explores the roles black women played in their communities' social movements and the consequences of elevating women into positions of visibility and leadership. Martha Jones reveals how, through the nineteenth century, the "woman question" was at the core of movements against slavery and for civil rights. Unlike white women activists, who often created their own institutions separate from men, black women, Jones explains, often organized within already existing institutions - churches, political organizations, mutual aid societies, and schools. Covering three generations of black women activists, Jones demonstrates that their approach was not unanimous or monolithic but changed over time and took a variety of forms, from a woman's right to control her body to her right to vote. Through a far-ranging look at politics, church, and social life, Jones demonstrates how women have helped shape the course of black public culture. The John Hope Franklin Series in African American History and Culture

Emancipation, a defining feature of twentieth-century Chinese society, is explored in detail in this compelling study. Angelina Chin expands and reinterprets the meaning of women's emancipation by examining what this rhetoric meant to lower-class women. Challenging the nation-based framework of history by focusing on two cities, Chin compares colonial Hong Kong with Guangzhou, which allows her to seamlessly integrate colonial studies and China studies. Tera W. Hunter offers the first comprehensive history of African American marriage in the nineteenth century and into the Jim Crow era. She reveals the practical ways couples adopted, adapted, or rejected White Christian ideas of marriage, creatively setting their own standards for conjugal relationships under conditions of uncertainty and cruelty.-- **YOUNG XING XING IS BOUND**. Bound to her father's second wife and daughter after Xing Xing's father has passed away. Bound to a life of servitude as a young girl in ancient China, where the life of a woman is valued less than that of livestock. Bound to be alone and unmarried, with no parents to arrange for a suitable husband. Dubbed "Lazy One" by her stepmother, Xing Xing spends her days taking care of her half sister, Wei Ping, who cannot walk because of her foot bindings, the painful but compulsory tradition for girls who are fit to be married. Even so, Xing Xing is content, for now, to practice her gift for poetry and calligraphy, to tend to the mysterious but beautiful carp in her garden, and to dream of a life unbound by the laws of family and society. But all of this is about to change as the time for the village's annual festival draws near, and Stepmother, who has spent nearly all of the family's money, grows desperate to find a husband for Wei Ping. Xing Xing soon realizes that this greed and desperation may threaten not only her memories of the past, but also her dreams for the future. In this searing story, Donna Jo Napoli, acclaimed author of *Beast and Breath*, delves into the roots of the Cinderella myth and unearths a tale as powerful as it is familiar. The place of women's rights in African American public culture has been an enduring question, one that has long engaged activists, commentators, and scholars. **All Bound Up Together** explores the roles black women played in their communities' social movements and the consequences of elevating women into positions of visibility and leadership. Bonnie Laughlin-Schultz reveals for the first time the depth of the Brown women's involvement in John Brown's cause and their crucial roles in preserving and transforming his legacy after his death. Explores the meaning of sisterhood for those who belonged to women's fraternities between 1870 and 1920. *Ocean Bound Women* is an intriguing first-hand narrative of circumnavigating the globe in the 1880s. This is a touching life story of two motherless sisters who took on a ship in their teens: a book about life on the oceans and meeting with people of many different nations. Emily Matchar offers a smart, measured investigation into the cultural, social, and economic implications of a return to domesticity in this fascinating book "chock-full of historical context, strong research and compelling personal stories" (Christian Science Monitor). Amid today's rising anxieties—the economy, the scary state of the environment, the growing sense that the American Dream hasn't turned out to be so dreamy after all—a groundswell of women (and more than a few men) are choosing to embrace an unusual rebellion: domesticity. A generation of smart, highly educated young people are spending their time knitting, canning jam, baking cupcakes, gardening, and more (and blogging about it, of course), embracing the labor-intensive domestic tasks their mothers and grandmothers eagerly shrugged off. They're questioning whether regular jobs are truly fulfilling and whether it's okay to turn away from the ambitions of their parents' generation. How did this happen? And what does it all mean? In *Homeward Bound*, acclaimed journalist Emily Matchar takes a long, hard look at both the inspiring appeal and the potential dangers of this trend she calls the New Domesticity, exploring how it could be reshaping the role of women in society and what the consequences may be for all of us. This groundbreaking reporting on the New Domesticity is guaranteed to transform our notions of women in today's society and add a new layer to the ongoing discussion of whether women can—or should—have it all. The remarkable eighty-five-day journey of the first two women to canoe the 2,000-mile route from Minneapolis to Hudson Bay. Unrelenting winds, carnivorous polar bears, snake nests, sweltering heat, and constant hunger. Paddling from Minneapolis to Hudson Bay, following the 2,000-mile route made famous by Eric Severeid in his 1935 classic *Canoeing with the Cree*, Natalie Warren and Ann Raiho faced unexpected trials, some harrowing, some simply odd. But for the two friends—the first women to make this expedition—there was

one timeless challenge: the occasional pitfalls that test character and friendship. Warren's spellbinding account retraces the women's journey from inspiration to Arctic waters, giving readers an insider view from the practicalities of planning a three-month canoe expedition to the successful accomplishment of the adventure of a lifetime. Along the route we meet the people who live and work on the waterways, including denizens of a resort who supply much-needed sustenance; a solitary resident in the wilderness who helps plug a leak; and the people of the Cree First Nation at Norway House, where the canoeists acquire a furry companion. Describing the tensions that erupt between the women (who at one point communicate with each other only by note) and the natural and human-made phenomena they encounter—from islands of trash to waterfalls and a wolf pack—Warren brings us into her experience, and we join these modern women (and their dog) as they recreate this historic trip, including the pleasures and perils, the sexism, the social and environmental implications, and the enduring wonder of the wilderness. Men and women work together every day in a variety of relationships as friends, spouses, and colleagues. We try to understand and support one another, but we frequently find ourselves confused and frustrated in our relationships. Too often, we joke around about our differences or explain them away. Sometimes we give up in despair, or, perhaps worse, we resort to keeping the sexes apart and avoid real and meaningful interaction. In *Bound & Determined*, author Jeanene Reese draws on years of her own research and explores the ways in which God designed men and women to work together. If you'd like to open up new venues in which men and women can work together or to enrich the experience in your mixed-gender groups, this book offers a vision of how we can all work together in honest, rich Christian love. *Westward Bound* debunks the myth of Canada's peaceful West and the masculine conceptions of law and violence upon which it rests by shifting the focus from Mounties and whisky traders to criminal cases involving women between 1886 and 1940. Erickson's analysis of these cases shows that, rather than a desire to protect, official responses to the most intimate or violent acts betrayed an impulse to shore up the liberal order by maintaining boundaries between men and women, Native people and newcomers, and capital and labour. Victims and accused could only hope to harness entrenched ideas about masculinity, femininity, race, and class in their favour. This fascinating exploration of hegemony and resistance in key contact zones draws prairie Canada into larger debates about law, colonialism, and nation building. Behind every great man stands a great woman. And behind that great woman stands a slave. Or so it was in the households of the Founding Fathers from Virginia, where slaves worked and suffered throughout the domestic environments of the era, from Mount Vernon, Monticello, and Montpelier to the nation's capital. American icons like Martha Washington, Martha Jefferson, and Dolley Madison were all slaveholders. And as Marie Jenkins Schwartz uncovers in *Ties That Bound*, these women, as the day-to-day managers of their households, dealt with the realities of a slaveholding culture directly and continually, even in the most intimate of spaces. Unlike other histories that treat the stories of the First Ladies' slaves as separate from the lives of their mistresses, *Ties That Bound* closely examines the relationships that developed between the First Ladies and their slaves. For elite women and their families, slaves were more than an agricultural workforce; slavery was an entire domestic way of life that reflected and reinforced their status. In many cases slaves were more constant companions to the

white women of the household than were their husbands and sons, who often traveled or were at war. By looking closely at the complicated intimacy these women shared, Schwartz is able to reveal how they negotiated their roles, illuminating much about the lives of slaves themselves, as well as class, race, and gender in early America. By detailing the prevalence and prominence of slaves in the daily lives of women who helped shape the country, Schwartz makes it clear that it is impossible to honestly tell the stories of these women while ignoring their slaves. She asks us to consider anew the embedded power of slavery in the very earliest conception of American politics, society, and everyday domestic routines. An investigation into the societal impact of intelligent, high-achieving women who are honing traditional homemaking skills traces emerging trends in sophisticated crafting, cooking and farming that are reshaping the roles of women.
