Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued. The much-acclaimed BookTok sensation, Olivie Blake's *The Atlas Six*—now newly revised and edited with additional content. • The tag #theatlassix has millions of views on TikTok • A dark academic debut fantasy with an established cult following that reads like *THE SECRET HISTORY* meets *THE UMBRELLA ACADEMY* • The first in an explosive trilogy *The Alexandrian Society*, caretakers of lost knowledge from the greatest civilizations of antiquity, are the foremost secret society of magical academicians in the world. Those who earn a place among the Alexandrians will secure a life of wealth, power, and prestige beyond their wildest dreams, and each decade, only the six most uniquely talented magicians are selected to be considered for initiation. Enter the latest round of six: Libby Rhodes and Nico de Varona, unwilling halves of an unfathomable whole, who exert uncanny control over every element of physicality. Reina Mori, a naturalist, who can intuit the language of life itself. Parisa Kamali, a telepath who can traverse the depths of the subconscious, navigating worlds inside the human mind. Callum Nova, an empath easily mistaken for a manipulative illusionist, who can influence the intimate workings of a person's inner self. Finally, there is Tristan Caine, who can see through illusions to a new structure of reality—an ability so rare that neither he nor his peers can fully grasp its implications. When the candidates are recruited by the mysterious Atlas Blakely, they are told they will have one year to qualify for initiation, during which time they will be permitted preliminary access to the Society's archives and judged based on their contributions to various subjects of impossibility: time and space, luck and thought, life and death. Five, they are told, will be initiated. One will be eliminated. The six potential initiates will fight to survive the next year of their lives, and if they can prove themselves to be the best among their rivals, most of them will. Most of them. Bardugo dives deep into this world.' - **NEW YORK TIMES** In 2005, J.C. Hallman came across a scientific paper about "Pleistocene Rewilding," a peculiar idea from conservation biology that suggested repopulating bereft ecosystems with endangered "megafauna." The plan sounded utterly utopian, but Hallman liked the idea as much as the scientists did—perhaps because he had grown up on a street called Utopia Road in a master-planned community in Southern California. Pleistocene Rewilding rekindled in him a longstanding fascination with utopian ideas, and he went on to spend three weeks at the world's oldest "intentional community," sail on the first ship where it's possible to own "real estate," train at the world's largest civilian combat-school, and tour a \$30 billion megacity built from scratch on an artificial island off the coast of Korea. In *Utopia* explores the history of utopian literature and thought in the narrative context of the real-life fruits of that history. Twelve-year-old Motti discovers that there are many types of heroes as his tiny young nation of Israel fights for survival in the Six-Day War of 1967. "David Adjmi has written one of the great American memoirs, a heartbreaking, hilarious story of what it means to make things up, including yourself. A wild tale of lack and lies, galling humiliations and majestic reinventions, this touching, coruscating joy of a book is an answer to that perennial question: how should a person be?" —Olivia Laing, author of *Crudo* and *The Lonely City* In a world where everyone is inventing a self, curating a feed and performing a fantasy of life, what does it mean to be a person? In his grandly entertaining debut memoir, playwright David Adjmi explores how human beings create themselves, and how artists make their lives into art. Brooklyn, 1970s. Born into the ruins of a Syrian Jewish family that once had it all, David is painfully displaced. Trapped in an insular religious community that excludes him and a family coming apart at the seams, he is plunged into suicidal depression. Through adolescence, David tries to suppress his homosexual feelings and fit in, but when pushed to the breaking point, he makes the bold decision to cut off his family, erase his past, and leave everything he knows behind. There's only one problem: who should he be? Bouncing between identities he steals from the pages of fashion magazines, tomes of philosophy, sitcoms and foreign films, and practically everyone he meets—from Rastafarians to French preppies—David begins to piece together an entirely new adult self. But is this the foundation for a life, or just a kind of quicksand? Moving from the glamour and dysfunction of 1970s Brooklyn, to the sybaritic materialism of Reagan's 1980s to post-9/11 New York, *Lot Six* offers a quintessentially American tale of an outsider striving to reshape himself in the funhouse mirror of American culture. Adjmi's memoir is a genre bending *Künstlerroman* in the spirit of Charles Dickens and Alison Bechdel, a portrait of the artist in the throes of a life and death crisis of identity. Raw and lyrical, and written in gleaming prose that veers effortlessly between hilarity and heartbreak, *Lot Six* charts Adjmi's search for belonging, identity, and what it takes to be an artist in America. A monumentally devastating plague leaves only a few survivors who, while experiencing dreams of a battle between good and evil, move toward an actual confrontation as they migrate to Boulder, Colorado. (Vocal Selections). *Six* has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! Who is the stranger among them? Deceptively simple and surprisingly addictive, *Not Quite What I Was Planning* is a thousand glimpses of humanity—six words at a time. *One Life. Six Words. What's Yours?* When Hemingway famously wrote, "For Sale: baby shoes, never worn," he proved that an entire story can be told using a half dozen words. When the online storytelling magazine SMITH asked readers to submit six-word memoirs, they proved a whole, real life can be told this way too. The results are fascinating, hilarious, shocking, and moving. From small sagas of bittersweet romance ("Found true love, married someone else") to proud achievements and stinging regrets ("After Harvard, had baby with crackhead"), these terse true tales relate the diversity of human experience in tasty bite-sized pieces. From authors Jonathan Lethem and Richard Ford to comedians Stephen Colbert and Amy Sedaris, to ordinary folks around the world, everyone has a six-word story to tell. "Perhaps there is no simple, easy way to educate children about the Holocaust. Yet [this] new extraordinary work in the form of a nonfiction graphic novel for children is a valiant attempt to do just that. These testimonials... serve as a reminder never to allow such a tragedy to happen again." —BookTrib Between 1933 and 1945, Adolf Hitler and the Nazi party were responsible for the persecution of millions of Jews across Europe. This extraordinary graphic novel tells the true stories of six Jewish children who survived the Holocaust. From suffering the horrors of Auschwitz, to hiding from Nazi soldiers in war-torn Paris, to sheltering from the Blitz in England, each true story is a powerful testament to the survivors' courage. These remarkable testimonials serve as a reminder never to allow such a tragedy to happen again. Features a current photograph of each contributor and an update about their lives, along with a glossary and timeline to support reader understanding of this period in world history. A New Translation From *The French* By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work. This "novel of contagion and collapse is also the story of love's unlikely survival in the most hostile conditions" (Karen Russell, bestselling author of *Swamplandia!*)—from the National Book Award-nominated author of *The Book of Aron*. In a tiny settlement on the west coast of Greenland, 11-year-old Aleq and his best friend, frequent trespassers at a mining site exposed to mountains of long-buried and thawing permafrost, carry what they pick up back into their village, and from there Shepard's harrowing and deeply moving story follows Aleq, one of the few survivors of the initial outbreak, through his identification and radical isolation as the likely index patient. While he shoulders both a crushing guilt for what he may have done and the hopes of a world looking for answers, we also meet two Epidemic Intelligence Service investigators dispatched from the CDC--Jeannine, an epidemiologist and daughter of Algerian immigrants, and Danice, an M.D. and lab wonk. As they attempt to head off the cataclysm, Jeannine--moving from the Greeland hospital overwhelmed with the first patients to a Level 4 high-security facility in the Rocky Mountains--does what she can to sustain Aleq. Both a chamber piece of multiple intimate perspectives and a more omniscient glimpse into the megastructures (political, cultural, and biological) that inform such a disaster, the novel reminds us of the crucial bonds that form in the midst of catastrophe, as a child and several hypereducated adults learn what it means to provide adequate support for those they love. In the process, they celebrate the precious worlds they might lose, and help to shape others that may survive. A memoir, biography, work of history, and literary criticism all in one, this moving book tells the story of three exiled writers—Erich Auerbach, François Fénelon, and W. G. Sebald—and their relationship with the classics, from Homer to Mimesis. In a genre-defying book hailed as “exquisite” (*The New York Times*) and “spectacular” (*The Times Literary Supplement*), the best-selling memoirist and critic Daniel Mendelsohn explores the mysterious links between the randomness of the lives we lead and the artfulness of the stories we tell. Combining memoir, biography, history, and literary criticism, *Three Rings* weaves together the stories of three exiled writers who turned to the classics of the past to create masterpieces of their own—works that pondered the nature of narrative itself: Erich Auerbach, the Jewish philologist who fled Hitler's Germany and wrote his classic study of Western literature, *Mimesis*, in Istanbul; François Fénelon, the seventeenth-century French archbishop whose ingenious sequel to the *Odyssey*, *The Adventures of Telemachus*—a veiled critique of the Sun King and the best-selling book in Europe for a hundred years—resulted in his banishment; and the German novelist W.G. Sebald, self-exiled to England, whose distinctively meandering narratives explore *Odyssean* themes of displacement, nostalgia, and separation from home. Intertwined with these tales of exile and artistic crisis is an account of Mendelsohn's struggle to write two of his own books—a family saga of the Holocaust and a memoir about reading the *Odyssey* with his elderly father—that are haunted by tales of oppression and wandering. As *Three Rings* moves to its startling conclusion, a climactic revelation about the way in which the lives of its three heroes were linked across borders, languages, and centuries forces the reader to reconsider the relationship between narrative and history, art and life. For forty years, Barnaby Rogerson has travelled across North Africa, making sense of the region's complex and fascinating history as both a writer and a guide. Throughout that time there have always been a handful of stories he could not pin into neat, tidy narratives; stories that were not distinctly good or bad, tragic or pathetic, selfish or heroic, malicious or noble. This book, neither a work of history nor travel writing, is a journey into the ruins of a landscape in an attempt to make sense of those stories through the lives of six historical figures, five men and one woman: A sacrificial refugee (Queen Dido); a prisoner of war who became a compliant tool of the Roman Empire (King Juba II); an unpromising provincial who, as Emperor, brought the Roman Empire to its dazzling apogee (Septimius Severus); an intellectual careerist who became a bishop and a saint (St Augustine); the greatest general the world has ever known (Hannibal); and the Berber Cavalry General who eventually defeated him (Masinissa). All six of these lives are surrounded with as much myth as fact, but the destinies of these North African figures remain highly relevant today. Their descendants are faced with many of the same choices: Should you stay pure to your own culture and fight against the power of the West, or should you study and assimilate to this other culture, and utilize its skills? Will it greet you as an ally only to own you as a slave? In between these life stories, Rogerson explores the ruins of ancient sites, which tell their own tales, and reveals the multiple interconnections that bind the culture of this region with the wider world, particularly the spiritual traditions of the ancient Near East. At a middle school in a small, all white, all Protestant town in Tennessee, a special after-school class was started to teach the kids about the Holocaust, and the importance of tolerance. The students had a hard time imagining what six million was (the number of Jews the Nazis killed), so they decided to collect six million paperclips, a symbol used by the Norwegians to show solidarity with their Jewish neighbors during World War II. German journalists Dagmar and Peter Schroeder, whose involvement brought the project international attention, tell the dramatic story of how the Paper Clip Project grew, culminating in the creation of The Children's Holocaust Memorial. From Darkness to Light is a compilation of personal testimonies of six Holocaust survivors, written in a short story format. The book walks readers through their life experiences before and during the Holocaust, their liberation, and their new life in Israel. Each story is told in their own words, culled from hours of personal interviews with them and their children, so the world can have first-hand knowledge of what happened during that darkest time of our history. These survivors came from different parts of Europe, and not one story is like the other. Now in their eighties and nineties, they still recall in detail their darkest memories. Amid immense pain and suffering, they managed to overcome every hurdle they encountered under the Nazi regime. When these stalwart individuals were liberated, no matter what further anguish and obstacles they faced, they realized their dream to make aliya to Israel. They settled in the Holy Land as visionaries and pioneers to build the Jewish state, which itself was undergoing conflict and difficult economic times. Their love for the Jewish homeland and their creation of families with children, grandchildren, and great-grandchildren exemplify how Hitler's aim to annihilate the Jews was nullified. "A cozy whodunit that cheerfully affirms girls' and women's contributions to aerospace." —Kirkus Reviews "Comparisons with Nancy Drew and Sammy Keyes come to mind, but this satisfying mystery seems more like the works of Ellen Raskin, E.L. Konigsburg, and Jennifer Choldenko." —School Library Connection "A wonderful tribute to [Amelia Earhart] who herself came to embody mystery." —Booklist Amelia Earhart's famous aviator goggles go missing and eleven-year-old Millie has to find them before the night is over in this girl-powered middle grade whodunit. Eleven-year-old Amelia Ashford—Millie to her friends (if she had any, that is)—doesn't realize just how much adventure awaits her when she's given the opportunity of a lifetime: to spend the night in Amelia Earhart's childhood home with five other girls. Make that five strangers. But Millie's mom is a pilot like the famous Amelia, and Millie would love to have something to write to her about...if only she had her address. Once at Amelia's house in Atchison, Kansas, Millie stumbles upon a display of Amelia's famous flight goggles. She can't believe her good luck, since they're about to be relocated to a fancy museum in Washington, DC. But her luck changes quickly when the goggles disappear, and Millie was the last to see them. Soon, fingers are pointing in all directions, and someone falls strangely ill. Suddenly, a fun night of scavenger hunts and sweets takes a nosedive and the girls aren't sure who to trust. With a blizzard raging outside and a house full of suspects, the girls have no choice but to band together. It's up to the Amelia Six to find the culprit and return the goggles to their rightful place. Or the next body to collapse could be one of theirs. To save humanity, they must give up their own. Adam's muscular dystrophy has stolen his mobility, his friends, and in a few short years, it will take his life. Virtual reality games are Adam's only escape from his wheelchair. In his alternate world, he can defeat anyone. Running, jumping, scoring touchdowns: Adam is always the hero. Then an artificial intelligence program, Sigma, hacks into Adam's game. Created by Adam's computer-genius father, Sigma has gone rogue, threatening Adam's life-and world domination. Their one chance to stop Sigma is using technology Adam's dad developed to digitally preserve the mind of his dying son. Along with a select group of other terminally ill teens, Adam becomes one of the Six who have forfeited their bodies to inhabit weaponized robots. But with time running short, the Six must learn to manipulate their new mechanical forms and work together to train for epic combat...before Sigma destroys humanity. Hailed for its searing emotional insights, and for the astonishing originality with which it weaves together personal history, cultural essay, and readings of classical texts by Sophocles, Ovid, Euripides, and Sappho, *The Elusive Embrace* is a profound exploration of the mysteries of identity. It is also a meditation in which the author uses his own divided life to investigate the "rich conflictedness of things," the double lives all of us lead. Daniel Mendelsohn recalls the deceptively quiet suburb where he grew up, torn between his mathematician father's pursuit of scientific truth and the exquisite lies spun by his Orthodox Jewish grandfather; the streets of Manhattan's newest "gay ghetto," where "desire for love" competes with "love of desire;" and the quiet moonlit house where a close friend's small son teaches him the meaning of fatherhood. And, finally, in a neglected Jewish cemetery, the author uncovers a family secret that reveals the universal need for storytelling, for inventing myths of the self. The book that Hilton Als calls "equal to Whitman's 'Song of Myself,'" *The Elusive Embrace* marks a dazzling literary debut. Daisy and the band captured my heart." —Reese Witherspoon (Reese's Book Club x Hello Sunshine book pick) A gripping novel about the whirlwind rise of an iconic 1970s rock group and their beautiful lead singer, revealing the mystery behind their infamous breakup. Everyone knows Daisy Jones & The Six: The band's album *Aurora* came to define the rock 'n' roll era of the late seventies, and an entire generation of girls wanted to grow up to be Daisy. But no one knows the reason behind the group's split on the night of their final concert at Chicago Stadium on July 12, 1979 . . . until now. Daisy is a girl coming of age in L.A. in the late sixties, sneaking into clubs on the Sunset Strip, sleeping with rock stars, and dreaming of singing at the Whisky a Go Go. The sex and drugs are thrilling, but it's the rock 'n' roll she loves most. By the time she's twenty, her voice is getting noticed, and she has the kind of heedless beauty that makes people do crazy things. Also getting noticed is The Six, a band led by the brooding Billy Dunne. On the eve of their first tour, his girlfriend Camila finds out she's pregnant, and with the pressure of impending fatherhood and fame, Billy goes a little wild on the road. Daisy and Billy cross paths when a producer realizes that the key to supercharged success is to put the two together. What happens next will become the stuff of legend. The making of that legend is chronicled in this riveting and unforgettable novel, written as an oral history of one of the biggest bands of the seventies. Taylor Jenkins Reid is a talented writer who takes her work to a new level with *Daisy Jones & The Six*, brilliantly capturing a place and time in an utterly distinctive voice. Soon to featured in the Ken Burns documentary *The U.S. and the Holocaust*, airing on PBS in fall 2022 A New York Times Notable Book • Winner of the National Jewish Book Award • Winner of the National Book Critics Circle Award • A Los Angeles Times Book Prize Finalist "A gripping detective story, a stirring epic, a tale of ghosts and dark marvels, a thrilling display of scholarship, a meditation on the unfathomable mystery of good and evil, a testimony to the enduring power of the ancient archetypes that haunt one Jewish family and the greater human family, *The Lost* is as complex and rich with meaning and story as the past it seeks to illuminate. A beautiful book, beautifully written." —Michael Chabon In this rich and riveting narrative, a writer's search for the truth behind his family's tragic past in World War II becomes a remarkably original epic—part memoir, part reportage, part mystery, and part scholarly detective work—that brilliantly explores the nature of time and memory, family and history. *The Lost* begins as the story of a boy who grew up in a family haunted by the disappearance of six relatives during the Holocaust—an unmentionable subject that gripped his imagination from earliest childhood. Decades later, spurred by the discovery of a cache of desperate letters written to his grandfather in 1939 and tantalized by fragmentary tales of a terrible betrayal, Daniel Mendelsohn sets out to find the remaining eyewitnesses to his relatives' fates. That quest eventually takes him to a dozen countries on four continents and forces him to confront the wrenching discrepancies between the histories we live and the stories we tell. And it leads him, finally, back to the small Ukrainian town where his family's story began, and where the solution to a decades-old mystery awaits him. Deftly moving between past and present, interweaving a world-wandering odyssey with childhood memories of a now-lost generation of immigrant Jews and provocative ruminations on biblical texts and Jewish history, *The Lost* transforms the story of one family into a profound, morally searching meditation on our fragile hold on the past. Deeply personal, grippingly suspenseful, and beautifully written, this literary tour de force illuminates all that is lost, and found, in the passage of time. Queen Victoria's reign was an era of breathtaking social change, but it did little to create a platform for women to express themselves. But not so within the social sphere of the séance—a mysterious, lamp-lit world on both sides of the Atlantic, in which women who craved a public voice could hold their own. Out of the Shadows tells the stories of the enterprising women whose supposedly clairvoyant gifts granted them fame, fortune, and most important, influence as they crossed rigid boundaries of gender and class as easily as they passed between the realms of the living and the dead. The Fox sisters inspired some of the era's best-known political activists and set off a transatlantic séance craze. While in the throes of a trance, Emma Hardinge Britten delivered powerful speeches to crowds of thousands. Victoria Woodhull claimed guidance from the spirit world as she took on the millionaires of Wall Street before becoming America's first female presidential candidate. And Georgina Weldon narrowly escaped the asylum before becoming a celebrity campaigner against archaic lunacy laws. Drawing on diaries, letters, and rarely seen memoirs and texts, Emily Midorikawa illuminates a radical history of female influence that has been confined to the dark until now. A volume of plays from the founding architect of twentieth-century drama, including his most popular and controversial work *A Penguin Classic Pirandello* is brilliantly innovative in his forms and themes, and in the combined energy, imagination and visual colours of his theatre. This volume of plays, translated from the Italian by Mark Musa, opens with *Six Characters in Search of an Author*, in which six characters invade the stage and demand to be included in the play. The tragedy *Henry IV* dramatizes the lucid madness of a man who may be King. In *So It Is (If You Think So)*, the townspeople exercise a morbid curiosity attempting to discover “the truth” about the Ponzani family. Each of these plays can lay claim to being Pirandello's masterpiece, and in exploring the nature of human personality, each one stretches the resources of drama to their limits. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines.
